

June 5-6
National Wind Technology Center
Boulder, CO

ADVANCES IN WIND ENERGY

Exploring Advanced Materials and
New Repair Techniques for the Wind Industry

Composites One and the Closed Mold Alliance, along with
Magnum Venus Products and IACMI - The Composites
Institute invite you to attend Advances in Wind Energy!

Advances in Wind Energy is focused on exploring advanced materials,
new repair techniques and inspection processes, and informing the growing
wind energy workforce on the basic manufacturing processes you need to know.
During this two-day workshop, leading wind energy professionals will provide engaging
presentations and hands-on demonstrations about the wind industry outlook, new
technologies, and life cycle issues.

Register Online at www.advancesinwindenergy.eventbrite.com.

TRAVEL

Advances in Wind Energy will be held at the National Wind Technology Center, June 5-6, 2018. Travel arrangements should be made to fly into Denver International Airport in Denver, CO.
